

The Maritime Specialist

DanFish International 2019

VCU exhibits at DanFish International, October 9-11 in Aalborg (Denmark)

VCU is pleased to welcome you at DanFish 2019, the world's most important exhibition for equipment to the fishing industry and international meeting place for all representatives from across the industry.

We are there to inform you about our products, services, our latest projects, innovations and developments.

Come by at our stand if you are interested in catch processing, weighing systems, cooling- and ice machines or winches. You can also gain information about: fishing gear, combination ropes (flyshooting), steelwires and much more!

VCU is your specialist for a full-service concept for products and (on-board) services.

Please visit us at our booth in **HALL H, STAND 98**.

If you need more information or a ticket you can contact us, or send an e-mail to auke@vcu.nl
