

The Maritime Specialist

DanFish International 2021

VCU exhibits at DanFish International, October 13-15 in Aalborg (Denmark)

VCU is pleased to welcome you at DanFish 2021, the world's most important exhibition for equipment to the fishing industry and international meeting place for all representatives from across the industry.

We are there to inform you about our products, services, our latest projects, innovations and developments.

Visit us at our stand if you are interested in catch processing, weighing systems, cooling- and ice machines or winches. You can also gain information about: fishing gear, combination ropes (flyshooting), steelwires and much more!

VCU is your specialist for a full-service concept for products and (on-board) services.

Please visit us at our stand in **HALL D, STAND 406**.

If you need more information, a ticket, a hotel, traveling or anything else you can contact us, or send an e-mail to marije@vcu.nl
